SOUTH AUSTRALIA

Producing more than half of all Australian wines, South Australia boasts some of the oldest individual vines in the world. South Australia's vast diversity of geography and climate plays a part in the regions successful production of a wide range of varieties from cool climate Riesling to big, full-bodied Shiraz. Ripened to perfection, these wines are fruit forward and well balanced.

VINTAGE NOTES

The 2007 vintage will be remembered for the driest winter and spring on record. Early recognition of the severity of the drought triggered supplementary irrigation as early as bud swell. The environmentally sensitive use of recycled water to supplement underground water resources allowed the establishment and maintenance of balanced canopies. Yields were well down, due to small berries and loose, open bunches. Rain in January caused some minor berry splitting but breathed new life into the vines.

Split berries shrivelled away cleanly and the only detrimental effect was on yield. Steady ripening has resulted in highly aromatic and intensely flavoured fruit, showing balanced acidity and textured tannins.

TASTING NOTE

Deep red with purple hues. Blackberry and dark chocolate aromas, with hints of eucalypt and vanillin French and American oak. A medium bodied wine, filled with ripe berry and dark cherry flavours, subtly enhanced with toasty oak. Fresh acidity complements the long, sweet fruit finish, resulting in a wine with immediate appeal and varietal presence.

VINEYARD SOURCE

McLaren Vale, Langhorne Creek,
Riverland

VARIETY BLEND

90% Cabernet Sauvignon
10% Shiraz

BOTTLING

pH: 3.59
TA: 5.9 g/L
ALC: 13.6%
